SUMMARY

Motivated RPA Developer with hands-on experience in UiPath, Excel & PDF automation, and Python. As a first graduate, I bring a strong work ethic, quick learning ability, and passion for process automation. Committed to building reliable automation solutions that improve efficiency and accuracy.

EDUCATION

Jeppiaar Institute of Technology, Chennai	2021 - 2025
<i>B.Tech in Information Technology</i>	<i>CGPA: 8.0</i>
Dr.G.S. Kalyanasundaram Matriculation Hr. Sec. School	2020 - 2021
<i>HSC</i>	<i>88.6%</i>
Dr.G.S. Kalyanasundaram Matriculation Hr. Sec. School	2018 - 2019
<i>SSLC</i>	<i>87%</i>

TECHNICAL SKILLS

Python, SQL, Java, Web development, RPA(UiPath Studio), REFramework, Excel & PDF Automation, Data Scraping.

PROJECTS

PDF Invoice Data Extraction using UiPath

- Developed an RPA workflow using UiPath to extract key information (Invoice Number, Date, Vendor, Amount, etc.) from PDF invoices.
- Automated data extraction and stored the extracted information into an Excel workbook, reducing manual data entry.

Excel Report Consolidation using UiPath

- Built a UiPath workflow to consolidate sales data from multiple Excel files into SalesResults.xlsx.
- Automated Pivot Table and Pivot Chart generation to derive sales insights and improve reporting efficiency.

Tech Briefs – Automated Tech News Aggregator

- Developed a Flask-based system that collects daily technology news from RSS feeds and filters content by relevant tech keywords.
- Automated daily PDF generation, avoided duplicate news, and deployed the application on cloud hosting.

CERTIFICATION

[Python](#) - GUVI

[Data Analytics & Visualization](#) - Forage

[RPA Foundation](#) - UiPath

LANGUAGES

English, Tamil, Hindi

INTERN EXPERIENCE

RPA DEVELOPER INTERN at Worldline (Aug 2023 – Dec 2023)

- Learned advanced techniques for automating interactions with databases, including tasks like advanced data retrieval and complex updates.
- And covered more advanced techniques for automating tasks on the web, including handling dynamic web elements.
